User further agrees that User shall not use Confidential Information except to the extent necessary to exercise the license granted to User by Qlik hereunder. User will protect Confidential Information from unauthorized distribution and use with the same degree of care that User uses to protect its own like information, but in no event less than a reasonable degree of care. User acknowledges and agrees that, due to the unique nature of the Confidential Information, there can be no adequate remedy at law for breach of this Section 7 and that such breach would cause irreparable harm to Qlik; therefore Qlik will be entitled to seek immediate injunctive relief, in addition to any remedies otherwise available at law or under this DELA.

7.2 "Confidential Information" means any confidential or proprietary information which relates to Qlik's trade secrets, Software, source code for the Software, the Documentation, services, deliverables, training materials, technology, research, development, pricing, product plans, marketing plans, business information, proprietary materials including visual expressions, screen formats, report formats, design features, ideas, methods, algorithms, formulae, and concepts used in the design and all future modifications and enhancements. Qlik's written request for audit will be submitted to User at least fifteen (15) days prior to the specified audit date. If User is not in material compliance with the terms of this DELA, then notwithstanding any rights or remedies available to Qlik in respect of such non-compliance, User shall reimburse Qlik for the expenses incurred by Qlik in conducting the audit.

8.3. Entire Agreement/Severability. This DELA constitutes the entire DELA between the parties with respect to the use of the Software, and supersedes all previous agreements, representations, warranties, statements, negotiations, understandings and undertakings, whether verbal or written, pertaining to such subject matter. If any provision of this Agreement is found by a court of competent

jurisdiction to be invalid or unenforceable, that provision will be limited to the minimum extent necessary so that this Agreement will otherwise remain in force and effect. The User hereby represents and acknowledges that in entering into this DELA, it did not rely on any representations or warranties other than those expressly set forth in this DELA.

8.4. Compliance with Laws. User agrees at all times to comply with applicable laws and regulations in its performance of this DELA, including, without limitation, the provisions of the U.S. export control laws, the U.S. Trading With the Enemy Act, the U.S. International Emergency Economic Powers Act, the U.S. Arms Export Control Act and U.S. Department of the Treasury Office of Foreign Assets Control, the United States' Foreign Corrupt Practices Act ("FCPA") and the United Kingdom's Bribery Act 2010 ("Bribery Act"). User will indemnify, defend and hold harmless Qlik and its respective officers, agents and employees from and against any and all losses, costs, claims and other liabilities arising out of, relating to or resulting from User's failure to comply with the provisions of applicable laws or the FCPA or the Bribery Act.

8.5. Governing Law and Jurisdiction. This DELA is governed by and construed in accordance with the laws of Sweden (excluding the U.N. Convention on Contracts for the International Sale of Goods) and any dispute, controversy or claim arising out of or in connection with this DELA, or the breach, termination or invalidity thereof, shall be settled by arbitration at the Arbitration Institute of the Stockholm Chamber of Commerce (the "SCC Institute"). Where the amount in dispute clearly does not exceed EUR 100,000, the SCC Institute's Rules for Expedited Arbitration shall apply and the arbitral tribunal shall be composed of a sole arbitrator. Where the amount in dispute clearly exceeds the amount set forth above, the Rules of the SCC Institute shall apply and the arbitral tribunal shall be composed of three arbitrators. The place of arbitration shall be Lund, Sweden. The language to be used in the arbitral proceedings shall, unless otherwise agreed, be English.

8.7. Miscellaneous. Nothing in this DELA shall be construed to create an agency, joint venture, partnership, fiduciary relationship, joint venture or similar relationship between the Parties. If any provision of this DELA is invalid or unenforceable, that provision shall be construed, limited, modified or, if necessary, severed to the extent necessary to eliminate its invalidity or unenforceability, and the other provisions of this DELA shall remain in full force and effect. All terms of this DELA shall be binding upon, inure to the benefit of, and be enforceable by and against the respective successors and permitted assigns of Qlik and User. No term of this DELA shall be deemed waived and no breach or default excused unless such waiver or excuse shall be in writing and signed by the Party issuing the same. No action, regardless of form, arising out of this DELA may be brought by User more than one (1) year after the cause of action arose.

8.8. U.S. Government Rights. If the User is a unit or agency of the United States Government, User agrees that the Software is "Commercial computer software" or "commercial computer software" or "commercial computer software documentation" and that, absent a written agreement to the contrary, the United States Government's rights with respect to such Software or Documentation are limited by the terms specified in this DELA, pursuant to FAR 12.212(a) and/or DFARS 227.7202-1(a), as applicable. The Software has been developed exclusively at private expense, and has been available for license by members of the public.

9. USER REGISTRATION AND INFORMATION

Prior to using the Software, the User is required to register with Qlik and provide certain information. User consents to allow Qlik to contact the User regarding its products and services for the term of this DELA. If User withdraws consent to receive communications from Qlik at any time, this DELA shall automatically terminate. In order to improve the Software and the User's experience with the Software, Qlik may collect and use certain statistical and usage information relating to the Software.
